

**LOWCOUNTRY UTILITIES
COORDINATING COMMITTEE
ANNUAL CONTRACTOR'S
SEMINAR**

**Thursday March 23rd, 2017
8:00 A.M. – 2:30 P.M.**

**SAND DUNES CLUBHOUSE
1735 ATLANTIC AVE.
SULLIVAN'S ISLAND, SC 29482**

The Low Country Utility Coordinating Committee is composed of representatives from utility companies, cable TV, SC Dept. of Transportation, cities, contractors and others. Anyone who works in any of these industries is welcome to join in a free exchange of information for the purpose of cost control and solutions.

We are pledged to promote cost control through coordination, cooperation and communication by utilities, planners, developers, contractors, and engineers who share a common interest in construction within rights of way, highways, streets and utility easements. This will culminate in a more efficient installation, operation and maintenance of our systems and render cost reduction results to all utilities. Most important, Safe working conditions.

We are sponsoring this seminar for the purpose of exchanging ideas, as well as informing each other about new concerns and issues.

***Damage Prevention begins with YOU!
Preventing Damages,
Saving Lives, Time and Money***

**Tickets for door prizes will not be
issued after 10:00 a.m.**
