

SC811 Membership Package

Thank you for your interest in becoming a member of Palmetto Utility Protection Service, Inc. dba South Carolina 811. Our purpose statement is "Safeguarding South Carolina's tomorrow, One dig at a time." To begin the membership process, you will need to complete, sign, and return all necessary forms to Membership by emailing them to membership@sc811.com.

The Member Application package must be signed by the highest level of operational authority for your organization. The membership form contains the following sections. Please verify that ALL APPLICABLE information is provided to ensure we have the most accurate and up-to-date contact information.

Authorized Representative Contact: This person will be the point of contact for making decisions regarding all items for your membership. It is recommended that this person be a director, operations manager, or superintendent in charge of your facility.

Locate Contact: This person will be the main point of contact for any questions regarding all future, pending, and onsite locates for your facility.

Damage Contact: This person will be the main point of contact in case of damage to your facility. As reporting all damages to SC811 is the law, it is recommended that this contact become familiar with the South Carolina Underground Facility Damage Prevention Act, Exactix Damage Report form, and the South Carolina Attorney General complaint process.

Service Area (GIS) Contact: This information will provide us with the information needed to build your membership. The information will pertain to where and how your location requests will be delivered, as well as hours of operation and contacts within the membership.

Billing Contact: Our billing department will use this information to ensure on-time payments with SC811.

Membership Agreement: This ensures all members follow the rules and regulations of the South Carolina Underground Facility Damage Prevention Act, the SC811 Member, and Board Policies. If you have any questions regarding this information or need a copy, email membership@sc811.com to request a copy.

W-9 form: Our W-9 is available upon request.

SC Emergency Management Division Letter: Please read and sign the attached document.

Here's the step-by-step process for completing your membership:

1. Upon receipt of all required paperwork, we will contact the administrative contact to review any questions concerning your paperwork.
2. Next, we will be working with the Service Area Contact. This person will map the areas where you have underground facilities into Exactix. The Service Area Contact will receive mandatory training, instructions, and a registration link for Exactix. The mapping process must be completed within 30 days of returning the paperwork, as it will be used to conduct your membership estimate and establish membership payments.
3. Once the mapping process has been completed, our system administrator will contact you to set up an activation date. Upon activation, our System Administration will send test tickets to verify that your location requests are being delivered correctly.

If needed, SC811 has a team available to assist you with your membership process. Our team can help answer questions about member and excavator responsibilities in accordance with South Carolina Law.

Delivery Rules and Delivery Rule Contact

Your organization must receive locate notifications 24/7, but you may need them sent to different places at different times. For example, you may want all your tickets sent to an email, except you want your design tickets to go to the design contact's email. You can also choose to have more than one destination, so one copy goes to one email and another copy to another email. Please be advised there are extra charges for multiple destinations. Our team can assist if you have a unique situation and are unsure how best to set it up. Please note: If your tickets fail to be delivered to the preferred device, SC811 will attempt to contact your Authorized Representative.

SC811 also provides an optional, automated phone call to a telephone number you have designated to be called should you choose this additional option. The telephone number you designate must be answered by a human being who can verify the reception of the notice or manually take the location request information.

The automated voice call contact must be aware of the reason for the call, the times they may receive the automated call and the nature of the information to be given. The auto-call contact must verify they have the information.

Please be aware in some cases, your organization may be the entity conducting the excavation. If the ticket is called when you are scheduled to receive an automated call, a voice call will be generated according to the settings and schedule configured for your automated call.

New Members: <https://app.coursettra.com/4iq/publiccourse/NewMembers>

Billing Contact Information

New members of SC811 will be quoted based on a lookback of 12 months before their start date. This process will show the number of transmissions within the service area map provided by the member. These quoted amounts will continue until live transmission counts have been established. Members who start in the middle of a year and do not have a full fiscal (July - June) lookback period will have fees containing a combination of current live transmissions plus quoted estimates for the remaining months without history. Please see the examples provided at the end of this letter.

The following contains a current list of membership categories:

- a. Operator members with **more than 570** notifications per year will be billed at a rate determined by the SC811 Board pursuant annually no later than the November Board meeting before the new budget year.
- b. Operator members with **less than 571 but more than 250** notifications per year will be billed a flat rate of \$450.00 annually.
- c. Operator members with **250 or fewer** notifications per year will be billed a flat rate of \$250.00 annually.

NOTE: *Due to rounding, individual invoice amounts may vary +/- \$0.05. Additionally, if the rates are altered by the Board of Directors, you will be notified in advance, and the new rate will not begin until January of the following calendar year.

Billing Cycle Example

The following example shows Billing established for 2018 from July 1, 2016 to June 30, 2017

<u>Member start date of 3/10/17</u>											
Member quoted 3100 transmissions. That will be $3100/12 = 259$ (rounded). March 2017 will be an estimate as it was not a full month. April Live Transmissions were established.											
2018 Billing (Jan to Dec)											
2016						2017					
JUL	AUG	SEP	OCT	NOV	DEC	JAN	FEB	MAR	APR	MAY	JUN
259	259	259	259	259	259	259	259	75/259	300	351	400
The following year (2019) will be billed on live transmissions only.											
<u>Member start date of 9/10/2017</u>											
Member quoted 3100 transmissions. That will be $3100/12 = 259$ (rounded).											
2018 Billing (Jan to Dec)											
2016						2017					
JUL	AUG	SEP	OCT	NOV	DEC	JAN	FEB	MAR	APR	MAY	JUN
259	259	259	259	259	259	259	259	259	259	259	259
The following year (2019) will be billed on quoted months for Jul, Aug and Sept. Live Transmissions will begin Oct 2017. As seen below											
2019 Billing (Jan to Dec)											
2017						2018					
JUL	AUG	SEP	OCT	NOV	DEC	JAN	FEB	MAR	APR	MAY	JUN
259	259	259	328	362	267	298	305	312	359	379	380
The following year (2020) will be billed on live transmissions only.

Member Responsibilities

Member Information and Changes:

It is the responsibility of the Member to notify the SC811 Membership team as soon as possible whenever there is a change to their membership profile, allowing up to 10 business days before any major changes take into effect. Some examples of major changes include the following but are not limited to:

Switching service providers or contract locators

Delivery Rule changes

Significant changes to ownership (acquisitions)

Membership terminations in lieu of an acquisition or company merge

Changes in billing information

Leadership personnel changes

Company name changes

SC811 must obtain this information immediately to prevent interruption of locate notices or billing. Member profiles and additional documents are sent to the Member by SC811 and should be returned in a timely manner. It is important to have the most up-to-date information on file. If you have any additional information you'd like to update, please submit an update request on our website <https://sc811.com/membership-update-forms/>.

Positive Response

SC811 Positive Response System is established by the one-call notification system to furnish a single point of contact between member operators and excavators to communicate the status of an excavation location request as provided by the member operators. According to the South Carolina Underground Facility Damage Prevention Act members are required to utilize positive response.

Member Responsibilities

- Members must respond to all tickets their company receives.
- Members must enter the response status prior to the work date and time listed on the locate request.
- If there is more than one facility for your organization, ensure ALL assigned facilities enter their respective responses to the locate notice.
- When entering response codes on the web, comments can be entered. Please keep in mind excavators may not hear comments entered if using the automated phone system to check positive response.
- If a response code is changed, the member is responsible for contacting the excavator directly and informing them of the change.
- If a delay code such as codes 50 and 55 is used, the members must contact the excavator directly to make arrangements with the excavator.
- Members are responsible for monitoring their tickets daily to ensure they receive and respond to them on time.
- We encourage our users not to share usernames and passwords.
- It is also recommended that members become familiar with the responsibilities of facility owners as defined in the SCUFDPA and Membership Policy.

BOARD POLICY: 1027.00

MEMBERSHIP POLICY

References: Palmetto Utility Protection Service Bylaws, Article II, S.C. Code Ann. Section 58-36-50.

Objective: To govern and describe the relationship between SC811 and its members. This policy supplements the relevant statutory provisions and provisions of the SC811 By-Laws.

Background:

Pursuant to Act 48 of 2011, all "Operators" as defined in S.C. Code Section 58-36-20(17) are required to be members of SC811. In addition, S.C. Code Section 58-36-50 establishes requirements for membership of the SC811 Board and includes representatives of organizations or trades that are not Operators. The SC811 By-Laws require that any Board member be a member of SC811 or be employed by an entity that is a member of SC811. This policy provides for Operator and non-Operator members.

01. Procedure:

All members must apply for membership in SC811. The purpose of the application process is to provide SC811 staff with the information necessary to provide notification to the Operator member. The information required for non-Operator members is less extensive.

02. Operator Members Transmission of Notifications:

- a) Operators must provide SC811 with a digital file directly compatible with existing call center software or the ability to be converted to a compatible file format. It shall contain information on the location of their Facilities (see S.C. Code Section 58-36-20(12)) in South Carolina. If the Operator cannot create a shape file, SC811 will provide access to a digital tool they can use to create their facility area.
- b) SC811 will transmit notifications of excavation activity to operator members as required by the S.C. Underground Facility Damage Prevention Act. Specific procedures governing the transmission of notices will be provided to members as part of the application process. Notices will only be provided for excavations in the Operator's facilities.

03. Information required of non-Operator members:

- a) Non-Operator members must provide general company information and a billing contact to SC811.
- b) Non-Operator members are not permitted to receive notifications for purposes other than the protection of underground facilities as provided in the South Carolina

Underground Facility Damage Prevention Act.

- c) SC811 will not transmit notifications to non-Operator members except if an Operator member has designated one to receive notifications pursuant to policies approved by the SC811 Board.

04. Payment by Members to SC811:

- a) Pursuant to S.C. Code Section 58-36-50(D), SC811 is required to "provide a reasonable way of apportioning the cost of operating the notification center among its members." The Board of SC811 has determined that Operator members will pay their share of the operating cost based on the volume of transmissions that they receive and that non-operator members will pay a flat annual fee.
- b) Operator members with more than 570 notifications per year will be billed at a rate determined by the SC811 Board pursuant annually no later than the November Board meeting before the new budget year.
- c) Operator members that have less than 571 but more than 250 notifications per year will be billed a flat rate of \$450.00 per year, which could be adjusted annually no later than the November Board meeting prior to the new budget year. The fee rate may be adjusted annually by the Board of Directors, with any changes taking effect no later than the November Board meeting preceding the new budget year.
- d) Operator members that have 250 or fewer notifications per year will be billed a flat rate of \$250.00 per year. The fee rate may be adjusted annually by the Board of Directors, with any changes taking effect no later than the November Board meeting preceding the new budget year.
- e) Locate Companies contracting for member operators will be billed \$1,200.00 per year.
- f) Non-Operator members will be billed\$ 250.00 per year.

05. Payment Methods and Processing Fees:

- a) Members must submit their membership dues payment through ACH, PayPal, or by check. Payments made via credit card or PayPal will incur processing fees for each transaction. All payments by check must be sent to a secure bank mailbox address provided on the invoice. Please note that any checks mailed to the SC811 office may incur a trip charge fee due to SC811's remote work environment. This could result in delayed payments or additional fees.
- b) Any payments over 90 days (3 months) late will receive an automatic charge of \$50 or .05%, whichever is greater.

06. Fees for Repeated Lack of Response to Locate Notifications:

- a) Members who repeatedly fail to respond to locate notifications may incur additional fees. These fees may be added to the member's annual fiscal invoice and will be issued based on their chosen billing cycle. The fee rate may be adjusted annually by the Board of Directors, with any changes taking effect no later than the November Board meeting preceding the new budget year.
- b) The allocation of these funds into escrow is designated for the specific purpose of directing resources towards training and educational initiatives.

DATE APPROVED: 5/20/2024

Link Sargent

BOARD SECRETARY

Membership Agreement

The undersigned hereby applies for admission as a member of South Carolina 811 or SC811. SC811, located at 810 Dutch Square Blvd., Columbia, SC 29210, and, in connection therewith, covenants and agrees when accepted as a Participating Member:

1. To participate actively in the work of SC811 to end that (a) SC811 operating policies, plans, and procedures can be coordinated with those of the applicant and (b) SC811 can provide maximum effectiveness and efficiency in the communications service, which the applicant seeks in becoming a Member.
2. To promptly pay the membership charges as determined by the SC811 within 30 days of the invoice date.
3. To waive and disclaim, and the applicant hereby does waive and disclaim, any and all claims for damages arising solely out of the operation of the communications service to be provided by SC811, including claims for damage resulting from negligence in the operation of said communications service by SC811, its agents, servants, or employees from and after the date of applicant's acceptance as a member.
4. To adhere to and abide by the South Carolina Underground Facility Damage Prevention Act, by-laws, membership, and operating procedures set by SC811 and the Board of Directors.

Organization: _____

I, _____, represent and warrant that I am legally authorized to execute this application and bind the organization to the above covenants and agreements and, by my signature, do so bind the organization and that SC811 can justifiably rely on these representations and warranties in accepting the organization as a Member.

Signature: _____

Date: _____

Dear SC811 Member,

On February 14, 2020, our South Carolina 811 (SC811) Board of Directors voted unanimously to begin building a specialized application for state emergency responders. This system allows South Carolina Emergency Management Division (SCEMD) to respond more efficiently to state emergencies such as hurricanes, floods, and other catastrophic events. The system will provide general contact information for each utility operator that is currently a member of SC811. This information will be given to the frontline SCEMD field personnel assessing the impacted areas, during and after events.

This process will also aid impacted facility operators by providing timely reporting that will improve restoration efforts to their customers. Furthermore, it will create awareness of higher priority safety concerns being assessed by emergency responders that are the first to arrive in the field.

Please review the attached Agreement and graphic examples. We are requesting that all members agree to allow SCEMD to use this information to notify operators directly when events take place in our state. The information provided in the tool **does not** show specific locations of infrastructure. SCEMD teams work in gridded areas as part of their emergency response protocol. As a result, the app will provide general member contact information within a 6-mile by 6-mile gridded area as outlined in attached Examples 1, 2 & 3. Each grid is numbered to identify the most highly impacted areas where personnel are dispatched. SCEMD will have the ability to search by address, county, or by a selectable marking tool on the map (shown in Example 2 & 3).

SC811 values our members' data, including facility maps and other proprietary information. Our Board and Staff strongly believe that sharing this information with SCEMD is in the best interest of all parties involved. It will improve the response times to events and provide a valuable tool to assist us in continuing our mission of safety for all South Carolina residents. Please feel free to reach out to me or Matthew Upchurch, our GIS Administrator, with any questions. Thank you for your continued support of our mission.

Please be on the lookout for an email from SC811 via DocuSign. The sender will be DocuSign NA3 System. Each member will need to complete and sign the attached document.

Sincerely,

Misty Wise
Executive Director - SC811

AGREEMENT

WHEREAS, the Palmetto Utility Protection Service d/b/a SC811 ("SC811") was created pursuant to the South Carolina Underground Utility Damage Prevention Act (S.C. Code Ann. §§58-36-10 *et seq.*); and

WHEREAS SC811 operates the notification center required by S.C. Code Ann. §58-36-50(A) and as part of its operation of the notification center SC811 maintains a database that includes confidential location information relating to the underground utility facilities of its member utilities ("Location Information"); and

WHEREAS the South Carolina Emergency Management Division ("SCEMD") is a division of the Office of the Adjutant General of South Carolina and governed by the provisions of Article 4 of Chapter 1 of Title 25 of the South Carolina Code (S.C. Code Ann. §§25-1-420 *et seq.*) and South Carolina Regulation 58-101 (S.C. Code of Regulations); and

WHEREAS SCEMD has the responsibility for preparing for, and responding to emergencies in the State of South Carolina and in order to fulfill those responsibilities has a need to have access to Location Information maintained by SC811; and

WHEREAS SC811 has an interest in providing Location Information to SCEMD to assist SCEMD in responding to emergencies, to protect its members underground utility facilities and to promote public safety; and

WHEREAS SCEMD and SC811 have worked together on a number of projects to enhance to protection of utility infrastructure during emergency events and during the course of those projects have jointly realized that SC811 can provide assistance to SCEMD by making access to Location Information available; and

WHEREAS SCEMD and SC811 have reached agreement on the terms and conditions by which SC811 will share access to Location Information with SCEMD as set out below;

NOW THEREFORE, SC811 and SCEMD agree to the following provisions:

1. SCEMD will be given access by SC811 to Location Information located within a grid system designed by SCEMD that will superimpose a 6-mile by 6-mile grid on the State.
2. At the request of SCEMD SC811 will provide Location Information as set out in this paragraph. For any 6 x 6 grid section identified by SCEMD, SC811 will provide (a) a list of operators that own underground facilities located within that grid section; (b) the type of underground facilities located in the grid section; (c) an emergency contact for each operator identified as owning underground facilities in that grid section. SC811 will only provide Location Information for those of its members that have agreed to allow SC811 to share their Location Information with SCEMD pursuant to this agreement. SC811 will make reasonable efforts to obtain the consent of its members to the provision of Location Information to SCEMD. Those SC811 members who consent to participate will execute a consent form as shown on Exhibit A.
3. SCEMD agrees that the Location Information to be provided by SC811 pursuant to this agreement constitutes a "Trade Secret" as that term is defined in S.C. Code Ann. §30-4-40(a)(1) and, as such, the Location Information is confidential and proprietary and shall not be disclosed to any third party

by SCEMD except for first responders, law enforcement, county or municipal emergency management personnel, or other State Emergency Response Team (SERT) members in case of emergency or to prevent an emergency in furtherance of its statutory mandates to save lives and protect property. SCEMD understands and acknowledges the importance and necessity of restricting access to Location Information to only those SERT members who have a need for the information. The parties agree that, although SCEMD is allowed to share location information as provided in this paragraph, only employees of SCEMD will have direct security-protected access to the location information as provided in paragraph 4 of this agreement.

4. SC811 will provide electronic access to SCEMD in a way that allows SCEMD to obtain and use the Location Information while protecting the confidentiality of such information. SC811 and SCEMD will cooperate over time to upgrade the security protocol by which access is granted and to maintain the confidentiality of such information. SC811 and SCEMD acknowledge that cyber security of the information is a significant concern and that they will take all reasonable steps to protect against cyber and other threats to the security of the Location Information.

5. Location Information to be provided under this Agreement includes the owner(s), including emergency contact information, and type(s) of underground utility facility within the 6 x 6 grid section. SC811 will not be providing more precise information on the location of the underground facilities unless a request is made that falls within the requirements of the Underground Utilities Damage Prevention Act.

6. This agreement will take effect on the date that it is executed by both parties. It may be terminated by either party by providing 30 days' notice to the other party.

IN WITNESS WHEREOF, SC811 and SCEMD have caused this agreement to be executed in their name by their respective authorized officials as of the date on which the parties execute this agreement as shown below.

Exhibit A

CONSENT OF SC811 MEMBER TO SHARING LOCATION INFORMATION WITH SCEMD

_____ is a member (“Member”) of SC811 and is an “Operator” as defined in S.C. Code §58-36-10(17). Pursuant to the provisions of the South Carolina Underground Utility Damage Act (“the Act”), Member has provided SC811 with information on the location of Member’s underground facilities in South Carolina so that SC811 can meet its notification responsibilities under the Act.

Member has reviewed the Agreement dated 06/23/2020 between SC811 and SCEMD (“Agreement”) to which this consent form is attached as Exhibit A. Member agrees that SC811 is permitted to share its Location Information (as that term is defined in the Agreement) with SCEMD under the terms and conditions set out in the Agreement.
